ALEXANDRIA, VA., FRIDAY EVENING, MARCH 1 1889.

NO. 52.

MEDICINAL.

Spring Disorders

Shattered nerves, tired brain, impaired blood, debilitated system, all are the natural outcome in the Spring. A medicine must be used, and nothing equals Paine's Celery Compound. We let others praise us—you cannot help believing a disinterested party.

Paine's Celery Compound

Is prescribed by physicians, recommended by druggists, endorsed by ministers, praised by users, and guaranteed by the manufacturers, as a spring medicine which will do all that is claimed for it. Use it this spring, and see how quickly it tones you up.

Purifies the Blood.

Pull accounts of wonderful cures made by Paine's Celery Compound after other medicines and the best physicians had failed, sent free. There's nothing like it.

Sole for \$5.00. Druggists.

Rules for Lent.

Cardinal Gibbons has issued the following
rules to be observed in Lent:

"All the faithful who have completed their
twenty-first year, unless exempt by dispensa-
tion or some other legitimate cause, are
bound to observe the fast of Lent.

"They are to make one meal only a day,
except on Sundays.

"The meal permitted on fast days is not to
be taken till about noon.

"A small refreshment, commonly called
collation, is permitted in the evening.

"The following persons are exempt from
the obligation of fasting: Persons under 21
years of age, the sick, nursing women, those
who are obliged to do hard labor, and those
who, through weakness, cannot fast without
great prejudice to their health.

"The faithful are reminded that, besides
the obligation of fasting imposed by the
church, this holy season of Lent should be,
in an especial manner, a time of earnest
prayer, of sorrow for sin, of seclusion from
the world and its amusements, and of ge-
nerous alms-giving.

"By virtue of an indult to the United
States, dated August 3, 1887, the following
special dispensations are granted:

"The use of flesh meat is permitted at all
meals on Sundays and once a day on Mon-
days, Tuesdays, Thursdays and Saturdays,
with the exception of the second and last
Saturdays of Lent. But flesh meat and fish
are not to be used at the same meal during
Lent, even on Sundays.

"The use of butter, cheese, milk and eggs
is also permitted every day in Lent.

"It is allowed to take in the morning
some warm liquid, as tea, coffee, or thin
chocolate, made with water, and with this
liquid a mouthful of bread.

"Those for whom the hour of noon may
be an inconvenient time for dinner may
invert the order and take their collation
in the morning and their dinner in the
evening.

"The use of hogs' lard or dripping instead
of butter is authorized in preparing per-
mitted food.

"Persons exempt from the obligation of
fasting are free to take meat more than once
on those days when its use is granted by
dispensation.

"The Paschal time extends from the first
Sunday of Lent till Trinity Sunday, during
which time all Catholics who have attained
the proper age are bound to receive worthily
the holy communion. The holy season
of Lent is a very proper time also for chil-
dren to make their first confession, which
they ought to do generally at about the age
of seven years."

COLD WATER FOR FEVER.—If statistics do
not lie, Dr. Simon Baruch, of the Manhat-
tan General Hospital, of New York city,
has well-nigh succeeded in proving the vast
superiority of German methods of treating
typhoid fever over those employed in this
country. The cold-water treatment to
which the Kaiser's soldiers are subjected in
the military hospitals appears to be working
wonders, and its success has impelled Dr.
Baruch, in dismay at the enormous mortality
among typhoid patients in New York, to
take up the cold-water cry with great ardor.
The cold-water treatment is the idea of Dr.
Ernest Brand, of Stettin, who introduced it
into the German hospitals some years ago.
Its practical benefits were soon apparent,
and it was adopted in several leading French
hospitals. A physician in a Lyons hospital
has recently given the remarkable testimo-
ny that out of 121 cases treated by him
there were but 12 deaths, or less than 1 per
cent. The leading feature of Dr. Brand's
method is the immersion of the patient in
moderately cold water every three hours,
provided his temperature is above 102.2 Fahr-
enheit. The water is kept at a tempera-
ture of between 60 and 70 degrees, and the
patient is allowed to remain in the bath for
15 minutes, unless he is overtaken by a
heavy chill, when he is immediately removed.
Colder water is poured gently and gradually
upon his head, and he is made to drink a
glass of diluted wine. At the expiration of
the 15 minutes he is rubbed briskly and re-
moved to his bed. In three hours, if his
temperature is again above 102.2, another
bath is administered, and so on through the
day and night. Dr. Brand emphasizes the
importance of treating the disease at an ear-
ly stage. If a week or more has been al-
lowed to elapse before the cold water method
is begun the case is almost hopeless.

To cure a wart place the thumb upon the
wart and press it against the bone. Move
it backward and forward upon the bone
until the roots become irritated or sore,
when the wart will disappear."

ADVICE TO MOTHERS.

Mrs. WINSLOW'S SOOTHING SYRUP, for
children teething, is the prescription of one of the
best female nurses and physicians in the United
States, and has been used for forty years with
never-failing success by millions of mothers for
their children. During the process of teething
its value is incalculable. It relieves the child
from pain, cures dysentery and diarrhea, griping
in the bowels and wind-colic. By giving health
to the child it rests the mother. Price 25 cents a
bottle.
